Dear Madams/Sirs,

I am a professional translator and conference interpreter, member of AIIC – the World Professional Conference Interpreters Association, as it can be inferred from my AIC web site page at: <http://aiic.net/directories/interpreters/5790/valentina-maiolini>.

I have been editing medical papers since 1993 and, based on my experience, I hereby certify that the language of Doctor Santoro's Manuscript on "Subtotal Gastrectomy For Gastric Cancer" has reached Grade A.

Please, do not hesitate to contact me for any additional information or need.

Faithfully yours,

Valentina Maiolini
