

I have reviewed the Peer-Review Report, the full text of the manuscript, and the relevant ethics documents, all of which have met the basic publishing requirements of the World Journal of Clinical Cases, and the manuscript is conditionally accepted. I have sent the manuscript to the author(s) for its revision according to the Peer-Review Report, Editorial Office's comments and the Criteria for Manuscript Revision by Authors. The title of the manuscript is too long and must be shortened to meet the requirement of the journal (Title: The title should be no more than 18 words). Before final acceptance, the author(s) must provide the English Language Certificate issued by a professional English language editing company.

Answering: firstly, we have shortened the title of the manuscript.

Secondly, we have improved the English language quality, and provided an English Language Certificate issued by a professional English language editing company.
