#### **SPECIFIC COMMENTS TO AUTHORS**

The authors reported a case with a triple-negative breast cancer, in which a PIK3CA mutation was detected. As a reviewer, I raised several comments as below. #1 The "Discussion" section was too lengthy. The authors should summarize and shorten to make the readers understand them. In addition, this was the only one case report, and the conclusion can not be drawn. #2 The authors should indicate the findings with arrows in Figure 1. #3 Non-native speakers of English editing certificate was not uploaded appropriately.
