其他需要说明的情况：

**IRB of the Affiliated Hospital of North Sichuan Medical College**  
**Approval Notice**

File Number 2021 | ER(A) 038

<b>Project title:</b> Effect of pulp periodontitis treatment on the levels of IL-1 $\beta$ and IL-10 in gingival crevicular fluid in patients with severe periodontitis		
<b>Departments :</b> stomatology department	Li Lu	<b>Professional title:</b> physician
<b>Commitment unit</b>	Affiliated Hospital of North Sichuan Medical College	
<b>Other researchers</b>	Chen Hong Jie, Lian Yi, Wang Tuo	

**Aspects involving human of the research:**

This project is planned to collect the clinical data of periodontitis patients from March 2019 to October 2020. The data were analyzed anonymously. There is no conflict of interest.

**Ethics Committee comments:**

Through consideration by the Ethics Committee, the experimental design and the program of the study will not cause harm and risk to the subjects. Due to the retrospective nature of this study and the actual medical condition of Nanchong, it's difficult to get informed consent from all patients involved in the study. The data collected were analyzed anonymously. So Ethics Committee of our Hospital waived the need for written informed consent from the all participants.

Ethics Committee of Affiliated Hospital of North Sichuan Medical College  
Date: April 27th, 2021
