Ulnar nerve palsy associated with fracture of the distal ...

<https://pubmed.ncbi.nlm.nih.gov/17304066>

Acute **ulnar nerve palsy** may occur in association with high-energy, widely **displaced fractures** of the **distal radius**. These are usually **neurapraxic injuries** that recover to normal or near-normal strength and sensation. We recommend exploration and release of a complete **ulnar nerve palsy associated wit ...**

Displaced distal radius fracture presenting with ...

<https://www.ncbi.nlm.nih.gov/pubmed/31011794>

Jan 09, 2019 · **Ulnar nerve injuries** are rarely encountered, with only few **case reports** of motor or motor and sensory loss described in the literature. In this paper, we report **two** consecutive cases of young patients with a **distal radius fracture** and a pure sensory **ulnar neuropathy**.
