

## Response to Reviewer and Editorial Office's comments and suggestions

Dear Editors and Reviewers:

Thank you for your letter and for the reviewer's comments concerning our manuscript entitled "Primary intracranial synovial sarcoma with hemorrhage: A case report" (Manuscript NO.: 68751). Those comments were highly insightful and enabled us to greatly improve the quality of our manuscript. In the following pages are our point-by-point responses to each of the comments of the reviewers as well as your own comments.

### Responses to the comments of Reviewer #1

#### Reviewer #1

I found just some limitations in the introduction where the citation of appropriate references supporting the sentences (especially when the authors state that the condition described is rare and that in their opinion this is the second case in literature) are lacking.

#### Response:

**It has been revised in full accordance with the requirements of reviewer 1. The details are as follows :**

In line 74 (the third page of the article), references have been inserted.

The authors believe that this is the second case of an SS patient with a tumor complicated with hemorrhage<sup>[2]</sup>.
