### [A Rare Case of \*Mycobacterium Monacense\* Osteomyelitis: A ...](#)

<https://pubmed.ncbi.nlm.nih.gov/33936905>

*Mycobacterium monacense* (*M. monacense*) is a yellow-pigmented, rapidly growing non-tuberculous mycobacterium (RGM). It is a rare pathogen in humans, and only a very few cases of skin and lung infection related to it have been reported. In this report, we present the case of a 70-year-old Hispa ...
