-------------------------------------	---

SPECIFIC COMMENTS TO AUTHORS

1. Case 1: Instead of just listing 'right limb' please specify 'upper' or 'lower.' In the exam section, there is mention of 'distal' etc, but not in the presenting complaint section. Similar comments for other cases too. 2. Case 1: Was MRI of spine not done? If not, please report so. I see that MRI brain was done and reportedly was normal.
