Certificate

Title of the study: **Baicalin provides protection against fluoxetine induced hepatotoxicity by modulation of oxidative stress and inflammation.**

This letter is to confirm that I have read the ethics application prepared for this study, and that in my opinion the statistical methods and techniques mentioned are appropriate for the research. This is to further certify that statistical analysis was performed in our laboratory at University of Allahabad is appropriate.

A handwritten signature in blue ink, appearing to read 'A. K. Pandey', is written over a light pink rectangular background.

(A. K. Pandey, PhD)
