SPECIFIC COMMENTS TO AUTHORS

The authors presented a very interesting case of a rare Kimura's disease. The diagnosis is well verified by laboratory, histological methods, computed tomography. A very interesting tactic of treatment (a surgical method was used - resection of the neoplasm). The manuscript is well illustrated. Recommend for publication.

SPECIFIC COMMENTS TO AUTHORS

This is a well-written case report of Kimura disease including a review of the possible differential diagnoses particularly epithelioid haemangioma also known as ALHE.
