

## ANSWERING REVIEWERS

December 05, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (ESPS Manuscript NO- 7085-edited.docx).

**Title:** Endoscopic management and prevention of migrated esophageal stents

**Author:** Bruno da Costa Martins, Felipe Alves Retes, Bruno Frederico Medrado, Marcelo Simas de Lima, Adriana Vaz Safatle-Ribeiro, Fabio Shiguehissa Kawaguti, Caterina Maria Pia Simione Pennacchi, Ricardo Sato Uemura, Fauze Maluf-Filho

**Name of Journal:** *World Journal of Gastrointestinal Endoscopy*

**ESPS Manuscript NO:** 7085

The manuscript has been improved according to the suggestions of reviewers:

1 The Title was modified including "endoscopic management" (reviewer 02441176)

2 Revision has been made according to the suggestions of the reviewer 035938

(1) Symptoms of migration were included in the Introduction (yellow highlight)

(2) Plastic stents migrates more often than partially covered metallic stents. This was added in the introduction and a new reference was inserted (yellow highlight)

(3) Thank you by alerting us to the abstract reporting the case of a migrated esophageal stent retrieved with a single-balloon enteroscope. This reference replaced the previous reference (retrieval of a biliary stent)

3 Thank you by the comments reviewer 051746. A reference of a case report of a migrated esophageal stent retrieved by single-balloon enteroscopy was inserted, replacing the previous one (retrieval of a biliary stent).

4 Thank you by the comments reviewer 00225277

5 Editor's comments: abstract was improved and increased (yellow highlight)

References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastrointestinal Endoscopy*.

Sincerely yours,

Bruno da Costa MARTINS, MD, PhD
