

*Science editor: Issues raised:*

*(1) The authors did not provide the approved grant application form(s). Please upload the approved grant application form(s) or funding agency copy of any approval document(s);*

>> Reply: Thanks for pointing this out! Certainly, we want to include the indicated funding within the acknowledgments, but we do not have that specific document.

*(2) PMID and DOI numbers are missing in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. Please revise throughout; and*

>> Reply: This is a useful suggestion. We have provided the reference section with all those identifiers.

*(3) Please add table/figure to this review.*

>> Reply: Thanks for this point! We agree and added a figure displaying the whole relational schema followed in this manuscript.
