Language certificate - No. 7270

This is to certify that the first and senior author have spend a long period either in high school or college in the United States of America and are therefore very well familiar with the English language. Additionally, the authors have already published in highly rated medical journals for a period of over 20 years.

Professor Gary Powell, Clemson University of South Carolina, has been so kind to perform a final proof-reading of the authors' manuscript. The authors guarantee the language of their manuscript to have reached Grade A.

Yours sincerely,

A handwritten signature in cursive script that reads "P. Lenz". The signature is written in dark ink on a light-colored background.
