Title: Day-to-Day Blood Pressure Variability Predicts Poor Outcomes Following Percutaneous Coronary Intervention: A Case Control Study

Lead Author: Cody L. Weisel

Corresponding Author: Marc D. Basson MD, PhD, MBA

Affiliations: Sanford Medical Center, University of North Dakota School of Medicine and Health Sciences

This letter is to confirm that I have verified the ethics in obtaining the data and their analysis and that the use of statistics was appropriate for this research.

A handwritten signature in black ink, appearing to read 'Marilyn G. Klug', with a long horizontal flourish extending to the right.

Marilyn G. Klug, PhD
