Dear Mr Su-Xin Gou, Science Editor, WJCC

We are very thankful for your kind help and patience.

We have made all the corrections required by you and by the reviewers:

1. Editorial remarks:
 - We added the required information regarding the affiliations, author contributions and professional titles;
 - The MS was viewed also by an English language writer.
 - We have shortened the abstract to 150 words.
 - All the reference numbers were reformatted as required.
 - We added PubMed citation numbers for all the references, and DOI citation for all the available references.
2. First reviewer remarks:
 - We added a table as suggested,
 - We made the corrections mentioned
3. Second reviewer remarks:
 - We corrected all the words and sentences as mentioned,
 - We added our hypothesis
 - We wrote how the literature review was conducted
 - We mentioned the limitations of the study
 - We formatted the MS into the traditional manner , as suggested

We hope you found our MS suitable for publication in your journal

Sincerely

Dr Motti Haimi
