

To whom it may concern,

I have studied and worked in U.S. for more than fourteen years (2004 Jan-2018 March, ORCID: <https://orcid.org/0000-0002-6367-848X>, obtained my Ph. D. degree at University of Hawaii at Manoa, U.S.). My recently published papers that I wrote or revised were not required for English editing.

Because the Journal requests the manuscript to be edited by a professional English language editing company or a native English-speaking expert, our manuscript has been checked and revised by a native English-speaking expert (U.S.), Leon Hou.

Sincerely,

Wan, Xuehua
