

ANSWERING REVIEWERS

January 16, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 7365-review.doc).

Title: FBW7-mediated ubiquitination and degradation of KLF5

Author: Yi Luan, Ping Wang

Name of Journal: *World Journal of Biological chemistry*

ESPS Manuscript NO: NO.7365

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated and author contributions have been provided. The coordinate graphs supplied are decomposable.

2 Revision has been made according to the suggestions of the reviewer

(1) Some language mistake suggested by reviewer 00227653 have been modified.

(2) Significance of the transcription factor KLF5 in cardiovascular disease have been summarized.

3 References and typesetting were corrected

4. The paper has been reviewed and edited by NPG language editing.

Thank you again for publishing our manuscript in the *World Journal of Biological chemistry*.

Sincerely yours,

A handwritten signature in black ink that reads 'Ping Wang' in a cursive style.
