Professor Wang Chen
President, Chinese Academy of Medical Sciences & Peking Union Medical College
9 Dong Dan San Tiao, Dongcheng District, Beijing 100730

Re: Grant Notification Letter: Grant #20-384

Dear Professor Wang,

I am pleased to inform you that the China Medical Board (CMB) has approved a grant of US\$80,000 to Peking Union Medical College (北京协和医学院) for conducting a research project on the development of an artificial intelligence-assisted diagnostic system, which was selected in the 2020 CMB Open Competition Program. This grant is being made in response to the proposal "Development of an artificial intelligence-assisted diagnostic system to improve the quality of general practice in China" submitted by Dr. Jiao Yang, PUMCH.

The following terms apply to the grant:

- (a) Grant funds will be available for a three-year period beginning on January 1, 2021.
- (b) Grant funds will be paid in lump sum. The payment will be made by CMB Beijing Representative Office in the form of RMB (applying the currency exchange rate of the transaction time). The payment will be made upon receipt of the countersigned copy of this letter and your payment instructions. Please complete the payment instructions located in Attachment II.
- (c) Grant funds should be used only for the purposes stated in this letter and as described in the proposal. Expenditures must be in accordance with the attached approved budget in Attachment I. Written approval in advance by CMB is required for extension of the grant duration or substantial reallocation of funds (greater than 10 percent) across line items in the grant budget. Grant funds not expended or committed for the purposes of the grant within the grant term, shall be returned to CMB.
- (d) The Grantee will furnish CMB with annual financial and narrative reports and a final report upon completion of the grant term. Please refer to Attachment III for the reporting schedule. These reports should include a narrative account of what has been accomplished by the expenditure of grant funds, especially progress toward achieving

the goals of the grant. The reports should also include a financial accounting of actual expenditures against the line items in the approved budget. Budget modification or time extensions of the grant terms may be requested at the time of annual reports.

Under United States law, CMB grant funds may be expended only for charitable, scientific, literary, or educational purposes. To ensure CMB funds are expended in conformity with the agreed upon purposes, CMB may monitor the grant, including reviews or audits of financial and other records.

To indicate that your organization understands and accepts the terms of the grant and the attached budget, please countersign and send the enclosed copy of this letter by November 9, 2020 to CMB Program & Grants Manager, Dr. Wang Yu (ywang@cmbfound.org).

CMB is pleased to provide this grant. We wish you and your colleagues every success in achieving its stated purposes. If you have any questions, please contact Dr. Wang Yu.

Sincerely yours,

Lincoln C. Chen, MD
President
China Medical Board
