Biostatistics Review Certificate

I, Dr. Lewis R. Roberts, Professor of Medicine in the Division of Gastroenterology and Hepatology, certify that the statistical analysis of our article entitled, High Prevalence of Chronic Viral Hepatitis B and C in Minnesota Somalis Contributes to Rising Hepatocellular Carcinoma Incidence: A Community-Based Study, was performed and verified by William S. Harmsen (Principal Statistician) in the Division Biomedical Statistics and Informatics at Mayo Clinic.

Sincerely,

A handwritten signature in black ink, appearing to read "L. Roberts".
