

## ANSWERING REVIEWERS

December 28, 2013

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 7456-review.doc).

**Title:** Recent advances in the molecular genetics of type 2 diabetes mellitus

**Author:** Antonio Brunetti, Eusebio Chiefari, Daniela Foti

**Name of Journal:** *World Journal of Diabetes*

**ESPS Manuscript NO:** 7456

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer No. **02446538**. In particular, concerning the amyloid hypothesis and the environmental factors to which the reviewer refers to, a sentence has been added in the "Introduction" section of the manuscript (see page 5, lines 13-16), together with the relative references [14-17], that support this hypothesis. In light of this addition, the "Reference" section of the paper has been updated accordingly.

3 References and typesetting were corrected.

Thank you again for publishing our manuscript in the *World Journal of Diabetes*.

Sincerely yours,

*Antonio Brunetti*

**Antonio Brunetti, MD, PhD**
