

Lian-Sheng Ma, President and Company Editor-in-Chief
Baishideng Publishing Group Co.,
World Journal of Hepatology

Dear Doctor Lian-Sheng Ma,

For more than 25 years I have been revising and editing for publication in the most prestigious international medical journals the articles produced by many of the departments of the two principal universities in Naples, Italy, including the department of Infectious diseases headed by Prof. Evangelista Sagnelli and my group study.

I have thoroughly revised the manuscript entitled **“Epidemiological and clinical aspects of HBV infection in Italy over the last 50 years”** for publication in the *“World Journal of Gastroenterology”*.

I, therefore, deem that it is fit for publication and does not require any further language revision.

I remain at your disposal should you need any further information.

Yours sincerely

Caterina Cagnelli
