Biostatistical Statement

Title: *Diuretic Combinations in Critically ill Patients with Respiratory Failure; a Systematic Review with Meta-analysis*

The systematic review literature search was developed by Diarmuid Stokes, specialised biomedical librarian, University College Dublin.

I confirm that the statistical methods of this study were developed and reviewed by all co-authors, based at:

- University College Dublin, Clinical Research Centre (Dublin)
- Centre de recherche de l'Université de Montréal (Montreal)
- Medical University of South Carolina (Charleston)

Jean Maxime Côté, MD, FRCPC
