

This document certifies that the manuscript

**Downregulation of TNFR2 decreases survival gene expression, promotes apoptosis, and affects the cell cycle of gastric cancer cells**

prepared by the authors

**Ana Flávia Teixeira Rossi, Fernanda da Silva Manoel-Caetano, Joice Matos Biselli, Ágata Silva Cabral, Marília de Freitas Calmon Saiki, Marcelo Lima Ribeiro, Ana Elizabete Silva ou Rossi et al.**

was edited for proper English language, grammar, punctuation, spelling, and overall style by one or more of the highly qualified native English speaking editors at AJE.

This certificate was issued on **March 29, 2022** and may be verified on the [AJE website](https://aje.com) using the verification code **B27B-16F5-930A-5A9E-EEEC**.

Neither the research content nor the authors' intentions were altered in any way during the editing process. Documents receiving this certification should be English-ready for publication; however, the author has the ability to accept or reject our suggestions and changes. To verify the final AJE edited version, please visit our verification page at [aje.com/certificate](https://aje.com/certificate). If you have any questions or concerns about this edited document, please contact AJE at [support@aje.com](mailto:support@aje.com).
