Certificate of biostatistics

To whom it may concern

This letter is to confirm that I have read the manuscript titled "Localization and expression of HP0953, a hypothetical protein from Helicobacter pylori, and a putative virulence factor", whose principal researcher is Norma Velazquez Guadarrama. In my opinion the statistical methods used are appropriate for the study

Please contact me if you have any queries.

Sincerely,

Dr. Alfonso Reyes López
Head of the Center for Economic and Social Studies in Health
