

CERTIFICATE

July 8 2014

To Whom It May Concern:

This letter is to certify that I have proofread and edited the article “How to achieve the best possible bowel preparation for colonoscopy” by Dr. Parra Blanco and others. I made modifications to the text in terms of correcting grammar and adapting the text to a more appropriate style of written expression for an English-language publication. These modifications were made to the text without modifying the professional content.

I have worked in translation and proofreading for over ten years and before that I taught English in Chile for fifteen years, mostly with advanced learners. My translation and proofreading work is almost exclusively with academics and researchers that are seeking to publish in English-language journals. My work covers a wide variety of scientific and technical fields, including medicine, biochemistry, agriculture, physics and oceanography.

If you have any further questions, please feel free to contact me through my work email at english.edit@yahoo.com

Yours sincerely

George Montgomery
Santiago, Chile
