

CERTIFICATE

This is to certify that the revised version of the manuscript entitled “*Time trends in antithrombotic therapy prescription patterns. Real-world monocentric study in hospitalized patients with atrial fibrillation*”, by Maurizio G. Abrignani, Alberto Lombardo, Annabella Braschi, Nicolò Renda, Vincenzo Abrignani, and Renzo M. Lombardo, has been language edited in English (United Kingdom) by Maurizio G. Abrignani, M.D., corresponding author of this paper.

I have previously written and published 11 chapters of books and 49 original scientific papers and reviews on impact factor journals (among which also World Journal of Cardiology) in English language. All other authors have globally published more than 120 papers in English language.
