

Certificate of Biostatistics

To whom it may concern

Title of Study: Profiling of gene fusion involving targetable genes in Chinese gastric cancer

Chief investigator: Tonghui Ma,
Genetron Health (Beijing) Technology, Co. Ltd., Beijing, China

This letter is to confirm that I have read the ethics applications prepared for this study, and that in my opinion the statistical methods and techniques mentioned are appropriate for the research.

Please contact me if you have any queries.

Sincerely,

Jing Fan, PhD, Institute of Biochemical Cells, Chinese Academy of Sciences.
