Title: A CLOSE LOOK AT WHITE COAT HYPERTENSION

Author: Nurver Turfaner Sipahioğlu

Name of Journal: World Journal of Methodology

ESPS Manuscript: 7680

The manuscript has been improved according to the suggestions of reviewers:

2) Studies like PAMELA, OHASAMA are described in detail.

More information is given on Pickering TG.'s study.

A brief summary is added in the first paragraph of conclusion.

3) ESC 2013, ESH 2013, JNC 7 and AHA have been reviewed.

The sentence on development to sustained hypertension has been removed.

4) An explanation has been made regarding selection of studies in the abstract.

The corrections in language has been made according to the reviewer's comments.

A language grade A certificate is obtained from American Journal Experts and corrections have been made according to the editing company suggestions.

Abbreviations are spelled out in the first time they are used.

Detailed information is given for several major studies in terms of patient numbers and findings.

Thank you again for publishing my manuscript in the *World Journal of Methodology*.

Sincerely yours,

Nurver Turfaner Sipahioğlu, M.D, PhD, Assoc.Prof.
