SPECIFIC COMMENTS TO AUTHORS

01 The 'Background' (Introduction) is way too short. Please better introduce the subject to the reader. 02 What is unique about this case and what does it add to the scientific literature? 03 "The patient was treated by antibiotics" Provide information about the antibiotics used and posology. 04 "6 hours ago," "the patient was underwent" "The patient suffer" The manuscript needs a serious revision of English. 05 How can an emphysema possibly lead to infection?
