Regarding Manuscript number 7777

Berlin 08.03.2014,

Dear Mr. Gou

We are convinced that our manuscript "Alimentary tract duplications in newborns and children: Diagnostic aspects and the role of laparoscopic treatment" has reached Grade A after language editing by a native speaker experienced in professional proofreading and we can guarantee for that, we do not choose to have our manuscript edited by the a English language editing company.

If we can be of further assistance, do not hesitate to contact me,

Dr. med. Jan Patino Mayer (M.D.)
