

June 7th, 2022

Dear Editor,

Please find enclosed the original article revised and re-titled “Analysis of hepatitis C virus positive organs in liver transplantation ”.

We are thankful to the reviewers for their comments and suggestions, which were thoroughly considered. We believe that these comments have been highly constructive and useful and improved our manuscript's quality. The manuscript has been modified as kindly suggested by the reviewers. All the points suggested by the three reviewers have been answered in the document shown below.

We hope that these changes fulfill the requirements to make the manuscript suitable for publication in World Journal of Hepatology.

Sincerely yours,

Isabel Legaz
