World Journal of Obstetrics and Gynecology

OBJECT: Case report of a spilled gallstone mistaken for a peritoneal metastasis of a cancer of the cervix by [18F]FDG PET/CT

Dear Colleague,

We are submitting the revised manuscript as requested by WJOG.

We are very thankful of the review process.

We addressed the comments of the reviewers.

- We add a table which is mentioned in the text, Case Presentation, Outcome and follow-up (Table 1)

We also provided signatures by all authors.

We hope that this article will satisfy the requirements of your journal.

Our best regards,

A handwritten signature in black ink, appearing to read 'Eric Bergeron', enclosed in a thin black rectangular border.
