

## PEER-REVIEW REPORT

**Name of journal:** *World Journal of Clinical Cases*

**Manuscript NO:** 78492

**Title:** Thalidomide combined with endoscopy in the treatment of cronkhite Canada syndrome: A case report and literature review

**Provenance and peer review:** Unsolicited Manuscript; Externally peer reviewed

**Peer-review model:** Single blind

**Reviewer's code:** 06308805

**Position:** Peer Reviewer

**Academic degree:** PhD

**Professional title:** Doctor

**Reviewer's Country/Territory:** Taiwan

**Author's Country/Territory:** China

**Manuscript submission date:** 2022-07-09

**Reviewer chosen by:** AI Technique

**Reviewer accepted review:** 2022-07-10 16:25

**Reviewer performed review:** 2022-07-18 10:48

**Review time:** 7 Days and 18 Hours

Scientific quality	<input type="checkbox"/> Grade A: Excellent <input type="checkbox"/> Grade B: Very good <input checked="" type="checkbox"/> Grade C: Good <input type="checkbox"/> Grade D: Fair <input type="checkbox"/> Grade E: Do not publish
Language quality	<input type="checkbox"/> Grade A: Priority publishing <input checked="" type="checkbox"/> Grade B: Minor language polishing <input type="checkbox"/> Grade C: A great deal of language polishing <input type="checkbox"/> Grade D: Rejection
Conclusion	<input type="checkbox"/> Accept (High priority) <input checked="" type="checkbox"/> Accept (General priority) <input type="checkbox"/> Minor revision <input type="checkbox"/> Major revision <input type="checkbox"/> Rejection
Re-review	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No

## SPECIFIC COMMENTS TO AUTHORS

It is so pleasing to reduce the patients' suffering and improve their lifestyle with thalidomide, but there are some issues which I need to clarify and explain more with authors;

# 1 In the present illness, there is a lot of information which does not need to be demonstrated, so focus on findings which are related to CCS(Cronkhite-Canada-Syndrom) syndrome, such as having alopecia or abdominal pain more about his diarrhea (like having a healthy period, increasing or decreasing factors, color, etc.)

# 2 It's better to state his smoking consumption in packs per year.

# 3 Is there any information about the ANA or IgG in your lab data? and also calculate the calcium correction amount.

# 4 How did the patient consume the thalidomide single dose or in divided dosage?

# 5 I was confused about the gastroenteroscopy findings because I think they should be compared with macroscopic and microscopic differentiation.

# 6 Clarify the rate of microscopic magnification in figure 3.
