## SPECIFIC COMMENTS TO AUTHORS

Dear author Thank you for your Letter to the editor. I've just read your paper and agreed your opinion. But your paper contains some problems as follows; whether there an obstruction  
Do you mean "whether is there an obstruction"? 2. what was the cases Why do you write only this part in the past sense? 3. The mucosa continues to be secreted Do you mean "The mucosa continues to secrete"? 4. levels above 150 mg/L indicate potential necrosis, and CT scans should be performed immediately Clinicians should perform CT sans even if CRP levels show below 150mg/L. 5.where it is increased Why do you use the word "where"?
