Title: Cesarean scar endometrioma – Case series

Author: Cavit ÇÖL, E. Erdal YILMAZ

Name of Journal: *World Journal of Clinical Cases*

ESPS Manuscript NO: 7913

Answers to Reviewer 01350278

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) We defined the difference between scar endometrioma and abdominal endometriosis in article.

(2) The title of manuscript has changed as “Cesarean scar endometrioma – Case series” according to your comments

(3) History of previous scar endometrioma or abdominal endometriosis and weight of resected specimen are added to Table 1.

(4) Some repetitive statements in the article are deleted, and necessary changes were made in accordance with your criticisms.

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Clinical Cases*.

Answers to Reviewer 02512664

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) We used the word “endometrioma” in stead of “endometriomas”

(2) We corrected the spelling of the word cesarean, in stead of cesarian

(3) Pictures of scar endometrioma (ultrasonographic view, magnetic resonance images, macroscopic appearance of resected material are added to the text)

(4) We think that on discussed adequately the pathogenesis and risk factors of cesarean scar endometrioma

3 References and typesetting were corrected

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.
