SPECIFIC COMMENTS TO AUTHORS

No study has yet transpired to assess the correlation of conduction system disorders with other ECG findings in the setting of COVID-19. This paper can shed light on different conduction disorders seen in this viral pneumonia. If the sample size is larger, it may be more convincing.

SPECIFIC COMMENTS TO AUTHORS

Dear Authors, Thank you for conducting this study entitled "Conduction system disorders and electrocardiographic findings in COVID-19 mortality patients in 2021, Shiraz, Iran" for possible publication in the esteemed journal "World Journal of Cardiology". I have a few points that need to be revised as I mentioned them in the main manuscript file.
