

Certificate of Biostatistics

Title: Lower ALT levels are associated with increased all-cause and cardiovascular mortality in patients with NAFLD in the United States Population

MS number: 80959

This letter is to confirm that I have read the ethics application prepared for this study, and that in my opinion the statistical methods and techniques mentioned are appropriate for the research.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to be 'Bo Feng', written in a cursive style.

Bo Feng
