

27, Jan, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 8097-review.doc).

Title: Resection of Hepatitis B Virus-Related Hepatocellular Carcinoma: Evolving Strategies and Emerging Therapies to Improve Outcome

Author: Gar-Yang Chau

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 8097

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewers (reviewers had no suggestion for revision)

3 References and typesetting were corrected

4 Changes made in the revised manuscript have been highlighted in yellow.

We hope that you will find the revision and these replies to the reviewers to be satisfactory. Again, thank you for the invitation to write a review article for the special issue celebrating the 20th anniversary of the *World Journal of Gastroenterology* (9: Hepatitis B virus: Pathogenesis, prevention, diagnosis, treatment, and evidence-based medicine). Thank you again for publishing my manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Gar-Yang Chau, MD
