

Reply to comment

Thank for suggestion for revision. All comments are followed and the revised part is in red.

The point by point response to comment is given below

To reviewer 1

The authors of the letter raise important observations arising from the initial paper. The paper is succinct and should be added to the corpus of discussion on this topic.

Reply: some additional discussion is provided according to the suggestion.

To reviewer 2

1. Short title: Should be less than 6 words as per the journal's requirement

reply: short title less than 6 words is provided

2. Core tip: Some important take home points should be added to make it interesting to the reader

Reply: additional core tip is provided

English editing for typos is also done.
