

## Format for ANSWERING REVIEWERS

March 17, 2014

Dear Editor,

Please find the enclosed edited manuscript in Word format (file name: 8161-revised.doc).

**Title:** *Hypertension and chronic ethanol consumption: What do we know after a century of study?*

**Author:** *Marchi KC, Muniz JJ, Tirapelli CR*

**Name of Journal:** *World Journal of Cardiology*

**ESPS Manuscript NO:** 8161

The manuscript has been improved according to the suggestions of reviewers:

1. Revision has been made according to the suggestions of the reviewer:

1) The authors should mention the criteria by which papers (reference list) were selected.

**Answer:** *This information was included in the revised version as suggested (please check page 04, line 05).*

2) For clarity, crucial studies should be summarized in tables (e.g. one table for epidemiologic studies, one table for mechanisms underlying ethanol-induced hypertension). Furthermore, different mechanisms could be listed in a table.

**Answer:** *The studies were organized in tables as suggested (please check Tables 1 and 2 on page 37).*

3) The authors should consider whether an illustration could describe the most important basic pathophysiological mechanisms.

**Answer:** *An illustration containing the most important basic pathophysiological mechanisms was included as suggested (please check Fig. 1).*

2. English was improved as suggested. With this purpose we sent the manuscript for correction by American Journal Experts (please check certificate).

Thank you again for publishing our manuscript in the *World Journal of Cardiology*.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Carlos Renato Tirapelli'.
