Editor, World Journal of Clinical Oncology

Dear Editor:

On behalf of my co-authors, I resubmit the revised manuscript #8245 Caring for the breast cancer survivor's health and well-being.

Per the reviewer comments, we have expanded the abstract to over 200 words and included a less than 100 word core tip summary.

Mayo Clinic has run a satisfactory anti-plagiarism check for us.

We appreciate the opportunity to have our manuscript published in WJCO.

Please let us know if there are additional questions or concerns regarding this manuscript.

Best regards,

A handwritten signature in black ink that reads "Petra M. Casey MD". The signature is written in a cursive style with a large, sweeping initial 'P'.
