

## Editorial Certificate

**15 January 2023**

To Whom It May Concern,

Truescho language editing team provided comprehensive editing services for Manuscript NO: 82868 (Association between metformin and vitamin B12 deficiency in patients with type 2 diabetes), which is under consideration for publication in your journal.

The edit has achieved Grade A: priority publishing; no language polishing required after editing.

Should you require any additional information, please do not hesitate to contact me.
