

Milan, February 24th, 2023

To whom it may concern,

I herein confirm to be a native English speaker. I provided a comprehensive editing service for the revised version of the manuscript entitled "Intra-abdominal myositis ossificans: a clinically challenging disease. Case report" by Carbone Gabriele, Andreasi Valentina and De Nardi Paola. The edit has achieved Grade A: no language polishing required after editing. Should you require any additional information, please do not hesitate to contact me.
