## Certificate of biostatistics

**Title of study:** Is peri-transplant blood transfusion associated with worse transplant outcomes?  
A retrospective study

**Corresponding author:** Muhammad Bukhari, MD, consultant of nephrology and transplantation, department of multi-organ transplantation, King Abdullah Medical City, Makkah, Saudi Arabia.

---

To whom it may concern:

This letter is to confirm that I have reviewed the statistical analysis prepared for this study, and that in my opinion the statistical methods mentioned are appropriate for the research.

Any further queries are welcomed.

Sincerely,

Ahmad Awad, M.D, clinical research specialist.
