

ANSWERING REVIEWERS

February 12, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 8423-review.doc).

Title: Post liver transplant HCV recurrence: an unresolved thorny problem

Authors: Alberto Grassi and Giorgio Ballardini

Name of Journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 8423-Review

The manuscript has been improved according to the suggestions of reviewers.

1 Format has been updated.

2 Revisions have been made according to the suggestions of the reviewer. Both reviewers reported the same comments.

A English proof reading by native speaker of English has been performed to correct grammatical errors and inappropriate descriptions.

B Some headings for easy-reading have been added in the section "Early dynamics of graft HCV reinfection post LT".

C A summarizing table has been added at the end of the section "Host immune response".

3 References and type setting have been corrected.

4 A full copy of References without PMID (no. 127 and 187) have been enclosed.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

A handwritten signature in blue ink that reads 'Alberto Grassi'.
