The Editor

World Journal of Stem Cells

Sir/ Madam,

This is with reference to the English Editing Certificate for non-native speakers. English is our second language and here in Pakistan the medium of education is English throughout the primary and higher school education as well as in graduate schools. I have published a lot of papers as principal author and I never consulted commercial services for language editing. I request you to kindly review the paper. I hope that you will find it appropriate for English language and grammar as well as scientific content.

I thank you for your kind support

Dr. Irfan Khan  
Assistant Professor  
Molecular Medicine
