

## CERTIFICATE

This is to certify that the revised manuscript entitled "*Proton pump inhibitors and gastroprotection in patients treated with antithrombotic drugs: a cardiologic point of view*", by Maurizio G. Abrignani, Alberto Lombardo, Annabella Braschi, Nicolò Renda, and Vincenzo Abrignani, has been language edited in English (United Kingdom) by Maurizio G. Abrignani, M.D., corresponding author of this paper.

I have previously written and published 11 chapters of books and 54 original scientific papers and reviews on impact factor journals (among which also World Journal of Cardiology) in English language. All authors have globally published more than 120 papers in English language.

In faith
