Bari 17th May 2023

The manuscript entitled "Exhaled volatile organic compounds for diagnosis and monitoring of asthma" has been re-read and carefully edited by Dr. Andras Bikov.

Dr. Bikov is a medical scientist who has been living and educated in the United Kingdom and working at the University of Manchester, UK for many years and has written over 100 scientific papers. Therefore he is equivalent to a native English speaker.

Yours Sincerely,

Prof. Silvano Dragonieri

A handwritten signature in black ink, appearing to read 'Silvano Dragonieri'.
