## SPECIFIC COMMENTS TO AUTHORS

A good paper, with an important publishing message. Language needs throughout improvements. For example, some expressions: .....presented with a Cough (?) .....while sawing through the sternum (?) Page 4/15, there is a link in blue color: Translated with DeepL ----- Does this mean that the translation has been through a free language online website ? If so, it is unacceptable. Images (axial CT) are somehow blurred, kindly submit high-resolution images. The paper needs an abbreviation section at the end: too many acronyms.
