Dear Editor,

We thank the reviewers and editorial team for taking their efforts to improve the article to increase its value for publication. Herewith we submit the revised version of the article addressing the reviewer's comments and the action taken for their valuable suggestions has been mentioned below.

Reviewer 1 Comments	Authors Reply	Action Taken
The article lacks logical content.	Thanks for the comment	Article is improved globally and highlighted the changes
It is recommended that the author briefly describe several operational modes of AI, the basic characteristics of each operational model, and its application in OA.	Thanks for the comment	None
Finally, briefly describe the future development trends	Thanks for the comment	Future development trends have been described and changes highlighted.
Reviewer 2 Comments	**Authors Reply**	**Action Taken**
Interesting novel topic, with a study structure easy to understand.	Thanks for the comment	None
I still suggest improving the sentence construction for easier and less tiring reading (simpler and shorter sentences; smaller paragraphs - maximum 10-12 lines).	Thanks for the comment	Sentence construction improved.
Nevertheless, the study' group is to be congratulated for the work done.	Thanks for the comment	None

JOURNAL EDITOR-IN-CHIEF (ASSOCIATE EDITOR) COMMENTS TO AUTHORS

Thank you for revising the manuscript according to the Reviewers' comments. Based on the input from Scientific Editor and Reviewers, this manuscript can now be accepted for publication.

Thanks.
